Founder, Natural Health Ministries Education Center
PENothecary™ Membership & Learning Hub

Website Learning Hub: **PENothecary™ Membership Website**
Primary Access System: **Google Sites**
Student Access Requirement: **Google Account Required**

Welcome to NHMEC

Welcome to the Natural Health Ministries Education Center, also known as NHMEC.

We are honored to walk with you as you begin or continue your learning journey in faith-centered herbal wellness education, biblical holistic health, natural wellness education, and whole-person stewardship.

As an NHMEC student, your focus is simple:

Pray. Learn. Apply. Serve.

You are encouraged to pray before you study, learn with humility, apply what you learn with wisdom, and serve others with love, integrity, and responsibility.

NHMEC was created to provide educational support for students, families, ministers, community helpers, wellness educators, herbal learners, and those who desire to understand the connection between faith, herbs, food, lifestyle, and whole-person wellness.

NHMEC is not a medical school, not a state-licensed college, and not a provider of medical licensure. NHMEC offers faith-centered education, certificate classes, diploma programs, continuing education, professional development pathways, and membership-based learning.

This Student Handbook explains the expectations, policies, access requirements, educational scope, and responsibilities for all students enrolled in NHMEC classes, courses, programs, memberships, workshops, volunteer trainings, and professional pathways.

Important Student Update

Canvas Is No Longer Available

Canvas is no longer available for NHMEC.

Canvas has been completely discontinued for student access, class materials, assignments, downloads, videos, communication, and course organization.

Any older NHMEC document, video, worksheet, or lesson that mentions Canvas is considered outdated. Students should no longer attempt to access NHMEC education through Canvas.

All current NHMEC educational materials are now housed inside the:

PENothecary™ Membership Website

The Main Education Center Hub for NHMEC

The PENothecary™ is built through Google Sites and now serves as the primary learning platform for the Natural Health Ministries Education Center.

Students are asked to be patient as older modules, worksheets, and course documents are updated to remove Canvas language and reflect the new PENothecary™ learning system.

Google Account Requirement

Because the PENothecary™ is built through Google Sites, every student must have access to a Google account or Google-connected email account.

Students may use:

- A Gmail account
- A Google Workspace account
- An email address connected to a Google account

Students are responsible for making sure they can log into the correct Google account before beginning their class, course, membership, or program.

If access is denied, the student should first check:

1. Am I logged into the correct Google account?
2. Is this the same email I used when enrolling?
3. Is my membership or course access active?
4. Am I trying to access a class or program I am actually enrolled in?

If help is still needed, students should contact NHMEC with their full name, enrolled class or program, Google email address, and a screenshot if possible.

Required Orientation Policy

Every student must complete the **NHMEC Welcome & Orientation Class** before beginning any NHMEC class, course, certificate, diploma, professional pathway, registry pathway, volunteer training, or PENothecary™ membership-based learning.

Orientation is required so that every student understands:

- How NHMEC works
- How to access the PENothecary™ Learning Hub
- Why Canvas is no longer available
- Why a Google account is required
- How to locate classes, videos, downloads, assignments, and resources
- NHMEC student expectations
- Course completion policies
- Certificate and diploma policies
- Legal and educational disclaimers
- Scope of practice
- Student communication expectations
- The Holistic P.E.N. Way™ framework
- How to begin learning with clarity and responsibility

Students may not receive completion recognition for a class or program until the required orientation has been completed.

Mission Statement

The mission of the Natural Health Ministries Education Center is to provide faith-centered herbal wellness education that equips students to understand biblical stewardship, whole-person wellness, traditional herbal support, holistic nutrition, and practical wellness education for personal, family, ministry, and community use.

NHMEC exists to educate, equip, and encourage students through a Christian worldview while honoring the connection between spirit, soul, and body.

Vision Statement

NHMEC seeks to raise up students who are grounded in faith, wisdom, stewardship, compassion, and responsible wellness education.

Our vision is to provide accessible education that helps students grow in:

- Biblical wellness
- Herbal education
- Holistic nutrition
- Natural wellness principles
- Ministry-based care
- Community service
- Practical home wellness
- Ethical herbal education
- Whole-person stewardship

NHMEC seeks to support students who desire to serve their families, communities, churches, ministries, and professional educational pathways with integrity.

Core Student Focus

All students are encouraged to follow the NHMEC learning focus:

Pray

Begin your studies with prayer. Ask God for wisdom, humility, discernment, and understanding.

Learn

Study with diligence. Complete your readings, lessons, videos, worksheets, assignments, and assessments.

Apply

Use what you learn responsibly within your proper scope. Begin with your own life, home, family, ministry, and educational development.

Serve

Use your education to bless others with humility, kindness, and ethical responsibility.

Statement of Educational Purpose

NHMEC provides education only.

NHMEC classes, courses, programs, memberships, and resources are designed for informational, educational, biblical, holistic, and wellness education purposes.

NHMEC does not diagnose, treat, prescribe, cure, or prevent disease.

NHMEC does not replace medical care.

NHMEC students, graduates, and members are responsible for understanding and obeying all laws in their city, county, state, and country.

Medical Disclaimer

The information provided by NHMEC is for educational purposes only.

The information is not intended to diagnose, treat, cure, prevent, or prescribe for any illness, disease, symptom, condition, or injury.

Students, members, and readers should always consult with a licensed medical provider for medical advice, diagnosis, treatment, medication questions, emergencies, pregnancy, nursing, chronic illness, children’s health, elderly care, mental health concerns, or any serious health issue.

NHMEC does not advise students or clients to stop medication, avoid medical care, delay medical care, or replace licensed healthcare providers.

Herbs, foods, supplements, wellness practices, prayer, and traditional natural health education may be discussed for educational purposes, but they are not presented as a substitute for medical care.

Scope of Practice Policy

NHMEC students must remain within educational scope.

Students may learn and discuss:

- Herbal education
- Traditional uses of herbs
- Wellness support education
- Nutrition education
- Lifestyle education
- Biblical wellness principles
- Family wellness education
- Community education
- Ministry-based wellness support
- Holistic P.E.N. Way™ reflections
- General wellness planning
- Educational wellness support

Students may not claim to:

- Diagnose disease
- Treat disease
- Cure disease
- Prevent disease
- Prescribe medicine
- Prescribe herbs as treatment
- Replace medical care
- Practice medicine without a license
- Tell others to stop medication
- Use protected professional titles unlawfully
- Perform regulated therapies without legal authority
- Guarantee results

Students must use proper educational language.

Instead of saying:

“This herb cures infection.”

Say:

“This herb has been traditionally used to support the body. This information is educational and should be discussed with a licensed healthcare provider when needed.”

Instead of saying:

“You need to stop your medication.”

Say:

“Medication decisions must be discussed with your licensed healthcare provider.”

Instead of saying:

“I can diagnose your condition.”

Say:

“I can provide wellness education, but diagnosis must come from a licensed medical professional.”

Biblical Foundation

NHMEC teaches from a Christian worldview.

We believe that God created the body with design, order, and purpose. We believe that people are whole beings with spirit, soul, and body. We believe that stewardship of the body is part of honoring God.

NHMEC teaches that herbs, foods, rest, water, prayer, wise habits, and supportive lifestyle practices may support the body, but God is the ultimate healer.

NHMEC does not worship creation. We honor the Creator.

NHMEC teaches natural wellness through a biblical lens and seeks to avoid spiritual practices, teachings, rituals, or philosophies that conflict with biblical faith.

The Holistic P.E.N. Way™

NHMEC uses the Holistic P.E.N. Way™ as a whole-person educational framework.

P.E.N. stands for:

P — Perspective

Perspective relates to the spiritual lens, beliefs, worldview, relationship with God, hope, faith, identity, and how a person sees life.

E — Essence

Essence relates to the soul, including thoughts, emotions, stress, wounds, mindset, patterns, identity, and inner life.

N — Nutrition

Nutrition relates to the body, including food, hydration, herbs, minerals, movement, rest, lifestyle, and physical support.

The Holistic P.E.N. Way™ helps students observe the whole person without stepping outside educational scope.

Students may use the Holistic P.E.N. Way™ in reflections, assignments, wellness education plans, herbal support plans, ministry care plans, personal development, case study practice, and community education.

The PENothecary™ Membership Website

The PENothecary™ Membership Website is the main education center hub for NHMEC.

It may include:

- Orientation materials
- Student handbook
- Class pages
- Course pages
- Video lessons
- Workshop recordings
- Downloadable PDFs
- Worksheets
- Herbal recipes
- Seasonal wellness guides
- Membership resources
- Monthly classes
- Mini courses
- Community classes
- Professional pathway information
- Continuing education resources
- Student announcements
- Links to events
- Resource libraries

Access depends on the student's membership level, enrollment, program, or course access.

Membership access does not automatically mean access to every NHMEC diploma, professional program, or advanced course. Some programs may require separate enrollment, payment, application, or approval.

Student Membership Types

NHMEC may offer several types of learning access.

PENothecary™ Membership

A membership-based learning option that may include monthly classes, workshops, downloads, herbal education, recipes, recordings, challenges, and community education.

Community Learner

A learner participating in community classes, workshops, free events, or public education.

Certificate Student

A student enrolled in a specific class or certificate of completion program.

Diploma Student

A student enrolled in a larger program of study that may include multiple modules, readings, assignments, assessments, projects, and final exams.

Practitioner Pathway Student

A student enrolled in an advanced pathway that may include case studies, practicum, professional ethics, documentation, and final portfolio work.

Volunteer Training Student

A student completing training for community service, ministry support, disaster response education, herbal outreach, or chapter-related participation.

Registry Pathway Student

A student or graduate pursuing internal NHMEC registry recognition after completing eligible requirements.

Certificates, Diplomas & Completion Recognition

NHMEC may issue the following types of completion recognition:

Certificate of Participation

Issued for community classes, workshops, volunteer trainings, or events where participation is completed but full certificate-level assignments may not be required.

Certificate of Completion

Issued for completed classes or certificate-level training where the student completes required lessons, assignments, and assessments.

Diploma of Completion

Issued for completed programs of study or larger educational pathways that may require multiple modules, readings, assignments, final assessments, projects, practicum, case studies, or portfolios.

Continuing Education Recognition

Issued when a class or event qualifies as continuing education through NHMEC.

Registry Recognition

May be available to eligible graduates who complete required NHMEC education, continuing education, ethics, review, and membership requirements.

All certificates, diplomas, and recognitions are educational. They do not grant medical licensure or permission to practice any regulated profession.

Accreditation Statement

NHMEC may hold training provider recognition, accreditation, memberships, or approvals through third-party organizations.

Students should understand that third-party training provider status does not equal state licensure and does not automatically guarantee eligibility for outside certifications, board certifications, employment, insurance, or professional registration.

Any third-party certification, board certification, membership, registration, or designation is determined solely by that third-party organization.

Students are responsible for reviewing all outside agency requirements before assuming eligibility.

NHMEC does not guarantee that any outside agency will accept a student, graduate, course, certificate, diploma, or transcript.

Student Conduct Policy

Students are expected to maintain respectful conduct at all times.

Respectful conduct includes:

- Kind communication
- Patience
- Honesty
- Humility
- Appropriate language
- Respect for instructors
- Respect for classmates
- Respect for guests and volunteers
- Respect for different learning levels
- No gossip
- No bullying
- No harassment
- No threats
- No slander
- No abusive communication
- No disruptive behavior

Students should remember that their words and actions reflect their character, family, ministry, and community.

NHMEC reserves the right to remove a student from classes, memberships, groups, programs, or platforms for conduct that is disrespectful, unsafe, dishonest, abusive, disruptive, or harmful to the learning environment.

Christian Conduct Policy

NHMEC is a Christian education environment.

Students are expected to conduct themselves in a way that honors biblical values, including:

- Love
- Respect
- Patience
- Truthfulness
- Humility
- Forgiveness
- Self-control

- Responsibility
- Servanthood
- Integrity

Disagreement should be handled respectfully.

Students are not required to agree on every secondary matter, but they are expected to maintain peace, maturity, and respect within the learning community.

Academic Honesty Policy

Students must complete their own work.

Students may use course notes, assigned readings, books, and approved resources for open-book assignments and assessments, but they may not copy another student's work or submit someone else's work as their own.

Students should not plagiarize, steal content, or misrepresent authorship.

If AI tools are used to help organize notes or draft assignments, students must still understand the material, personalize their work, and follow any course-specific rules.

NHMEC reserves the right to request clarification, revision, oral review, or resubmission if student work appears copied, incomplete, dishonest, or inconsistent with course expectations.

Coursework Completion Policy

Students are responsible for completing all required coursework.

Coursework may include:

- Watching videos
- Reading lessons
- Reading assigned PDFs or books
- Completing worksheets
- Writing reflections
- Completing quizzes
- Completing open-book assessments
- Creating projects
- Completing case studies
- Participating in practicums
- Uploading or submitting assignments as instructed
- Completing final exams

- Completing student agreements
- Completing orientation

Students should not wait until the end of the program to complete all assignments.

Students should keep copies of their completed work.

Assessment Policy

NHMEC assessments may include open-book quizzes, final exams, reflections, assignments, case studies, projects, practicums, oral reviews, or portfolios.

The general minimum passing score is **70%**, unless a specific course, program, or assessment requires a higher passing score.

Some professional or advanced pathways may require **80%** or higher.

Students who do not pass may be allowed to review the material and retake the assessment according to course policy.

The final decision regarding assessment completion, retakes, grading, or acceptance of assignments belongs to NHMEC.

Course Completion Timeline

Students must complete courses within the listed timeline unless a specific course page states otherwise.

Community Classes

Community classes may have short completion windows depending on the class.

Certificate Classes

Certificate classes should generally be completed within **6 months**.

Some shorter workshops or mini classes may have a shorter completion timeline.

Diploma Courses

Diploma courses should generally be completed within **2 years**.

Practitioner Programs

Practitioner-level programs may allow **3 to 4 years**, depending on program requirements.

Membership-Based Classes

PENothecary™ membership materials are available according to active membership access and current membership terms.

Extension Requests

Students who need more time due to exceptional circumstances may submit a written request for an extension.

Extension approval is not guaranteed.

All extension decisions are made by NHMEC.

Failure to complete a course within the assigned time may result in loss of student status, loss of course access, and loss of payments already made.

Refund Policy

NHMEC may offer classes, memberships, courses, kits, and programs through tuition, donation-based enrollment, registration fees, monthly payments, or membership access.

Membership Fees

Membership fees are non-refundable.

Once access is granted to the PENothecary™ Membership Website, digital resources, downloads, videos, or course materials, refunds are not available.

Registration Fees

Registration fees are non-refundable.

Donation-Based Classes

Donation-based classes are non-refundable.

Digital Products

Digital products, PDFs, downloads, course pages, videos, and digital access are non-refundable.

Individual Course Units

Individual course units are non-refundable once access is granted.

Courses

If a student withdraws from an eligible course within **3 days of enrollment**, NHMEC may offer up to a **90% refund**, unless the course page states otherwise.

No refunds are available after the 3-day period.

Sliding Fee Scale

Payments made through a sliding fee scale, scholarship, discounted rate, hardship rate, or donation option are non-refundable.

Physical Kits

Physical kits, printed books, supplies, herbal materials, or mailed items are subject to separate kit policies.

Shipping fees are non-refundable once the item has shipped.

Payment Policy

Students are responsible for paying all required fees, tuition, membership payments, registration fees, kit fees, shipping fees, and payment plans according to the agreement made at enrollment.

Failure to maintain required payments may result in:

- Loss of access
- Pause in student status
- Removal from program
- Delay in certificate or diploma
- Ineligibility for registry or completion recognition
- Loss of membership benefits

Payment plans do not guarantee completion recognition unless all required coursework and payments are completed.

Transfer Credit Policy

NHMEC may consider transfer credit from other schools, programs, or documented studies.

Transfer credit is not guaranteed.

Students requesting transfer credit may be asked to provide:

- Transcript
- Certificate
- Course description
- Syllabus
- Proof of completion
- Hours completed
- Assignments or documentation
- Name of school or instructor

NHMEC may limit the number of transfer credits accepted in order to preserve the philosophy, standards, and learning structure of NHMEC.

The final decision regarding transfer credit belongs to NHMEC.

Homeschool Credit Policy

NHMEC may provide educational documentation for homeschool learning when appropriate.

Homeschool families are responsible for knowing and following their own state homeschool laws.

A common homeschool credit guide may be:

180 hours = 1 credit

Parents or guardians are responsible for final homeschool recordkeeping, transcripts, state compliance, and educational decisions.

NHMEC may provide certificates, participation records, or course descriptions when applicable.

Student Communication Policy

Students should communicate with NHMEC in a respectful, clear, and patient manner.

When emailing or requesting help, include:

- Full name
- Google account email
- Class or course title
- Description of the issue
- Screenshot if possible
- Date of enrollment if needed
- Payment or registration name if different

Students should allow reasonable response time.

Repeated messages, rude communication, demands, harassment, or disrespectful behavior may delay support or result in disciplinary action.

Technology Policy

Students are responsible for having the technology needed to complete online learning.

This may include:

- Internet access
- Google account
- Device that can access Google Sites
- Ability to open PDFs
- Ability to view videos
- Ability to save or print worksheets
- Ability to email assignments if required
- Ability to participate in online meetings if required

NHMEC is not responsible for a student's device problems, forgotten passwords, internet failure, Google account issues, or inability to use basic technology.

Students should seek technical help when needed.

Copyright & Course Material Policy

NHMEC course materials are protected educational materials.

Students may not:

- Copy materials for distribution
- Sell NHMEC materials

- Upload materials publicly
- Share private links
- Share course downloads with non-students
- Repackage lessons as their own
- Use NHMEC curriculum to create competing courses
- Remove copyright notices
- Use NHMEC branding without permission

Students may:

- Print materials for personal study
- Save downloads for personal educational use
- Use worksheets for their own coursework
- Keep a student binder
- Keep a student portfolio

Written permission is required for any use beyond personal study.

AI Use Policy

NHMEC recognizes that students may use technology and AI tools for study support.

AI tools may be used to:

- Organize notes
- Create study outlines
- Help with spelling and grammar
- Summarize personal notes
- Brainstorm study questions
- Format assignments

AI tools may not be used to:

- Replace the student’s learning
- Submit false work
- Copy copyrighted materials
- Fabricate research
- Misrepresent personal experience
- Complete practicums dishonestly
- Create fake case studies
- Replace required reading
- Avoid understanding the course

Students remain responsible for the accuracy, honesty, and originality of their submitted work.

Community & Group Policy

Some NHMEC classes, memberships, or trainings may include access to a group, community, live class, or discussion space.

Students are expected to:

- Be respectful
- Stay on topic
- Avoid arguments
- Avoid medical claims
- Avoid spam
- Avoid selling without permission
- Avoid private messaging students for solicitation
- Avoid gossip
- Avoid sharing private student information
- Avoid posting inappropriate content

NHMEC may remove posts, comments, or members that violate community standards.

Privacy & Confidentiality Policy

Students may participate in discussions, case studies, practicums, or group learning.

Students must respect privacy.

Do not share:

- Another student’s personal information
- Client information
- Private emails
- Personal health details shared in class
- Screenshots of private groups
- Private student messages
- Names or identifying details from case studies
- Photos without permission

Case studies should be written without identifying personal details unless written permission has been obtained.

Practicum & Case Study Policy

Some advanced programs may require case studies, practicums, projects, portfolios, or documented hours.

Students must complete these honestly and ethically.

Case studies and practicums must remain within educational scope.

Students must not diagnose, treat, prescribe, or claim to cure.

Students must receive permission before using another person’s information, photos, or wellness details.

NHMEC may reject practicum or case study work that appears unsafe, unethical, incomplete, outside scope, copied, or fabricated.

Herbal Safety Policy

Students must understand that herbs are not automatically safe for everyone.

Herbs may interact with:

- Medications
- Pregnancy
- Nursing
- Surgery
- Medical conditions
- Allergies
- Children
- Elderly individuals
- Autoimmune conditions
- Liver or kidney concerns
- Blood pressure conditions
- Blood sugar conditions
- Mental health medications
- Blood thinning medications

Students should always research safety, contraindications, dosage traditions, preparation methods, and interactions.

Students must encourage others to consult licensed healthcare providers when appropriate.

Required Referral Policy

Students should refer someone to a licensed healthcare provider when:

- Symptoms are severe
- Symptoms are new or unexplained
- Symptoms are worsening
- The person has chest pain
- The person has trouble breathing
- The person has fainting, confusion, or sudden weakness
- The person is bleeding
- The person may be having a medical emergency
- The person is pregnant or nursing
- The person is a child, elderly, or medically fragile
- The person has a serious diagnosis
- The person takes medication
- The person needs diagnosis, testing, imaging, labs, or medical treatment

NHMEC education should never be used to delay urgent or necessary medical care.

Professional Representation Policy

Students and graduates must represent their education honestly.

Students may state that they completed a class, certificate, or diploma through NHMEC if it is true.

Students may not claim to be licensed, board certified, registered, ordained, accredited, or professionally authorized by NHMEC unless they have completed the specific requirements and have written documentation.

Students may not create their own titles, initials, or designations using NHMEC training unless officially granted by NHMEC or a third-party agency.

Students are responsible for understanding what titles are legal in their location.

Registry Policy

NHMEC may offer registry recognition for eligible graduates.

Registry recognition is not licensure.

Registry recognition may require:

- Completion of an eligible NHMEC program
- Active membership
- Application
- Application fee
- Ethics agreement
- Continuing education
- Annual review
- Documentation
- Good standing
- Compliance with NHMEC policies

Registry may be denied, paused, revoked, or discontinued if requirements are not met.

NHMEC reserves the right to update registry requirements.

Continuing Education Policy

Some NHMEC pathways may require continuing education.

Continuing education may include:

- NHMEC classes
- Workshops
- Webinars
- Reading assignments
- Practicum trainings
- Case study reviews
- Ethics education
- Herbal safety updates
- Community service education
- Professional development

Students or registered members are responsible for tracking their continuing education and submitting documentation when required.

Volunteer Training Policy

Students participating in volunteer trainings, disaster relief education, herbal outreach, community wellness, or chapter-related work must complete required orientation and training before serving.

Volunteer students may be required to:

- Join the proper chapter or membership
- Complete orientation
- Complete volunteer training
- Sign a waiver
- Follow safety rules
- Stay within educational scope
- Avoid medical claims
- Follow leadership instructions
- Attend practicum if required
- Respect community privacy
- Represent NHMEC responsibly

Volunteer training does not authorize medical practice.

Attendance & Participation Policy

Some NHMEC classes are self-paced. Others may include live classes, Zoom meetings, in-person practicums, workshops, or required participation.

Students are responsible for knowing whether attendance is required for their class or program.

If a live class is missed, a recording may or may not be available depending on the class.

Participation may be required for completion in some courses.

In-Person Class Policy

For in-person classes, students must follow all safety, conduct, and attendance instructions.

Students may be required to:

- Arrive on time
- Bring required supplies
- Sign waivers
- Follow safety rules
- Avoid disruptive behavior
- Respect the location
- Clean up work areas
- Follow herbal preparation instructions
- Avoid bringing unauthorized guests
- Notify NHMEC of allergies or safety concerns

NHMEC reserves the right to dismiss a student from an in-person class for unsafe or disrespectful behavior.

Physical Kit & Supplies Policy

Some courses or workshops may include optional physical kits, printed books, herbal supplies, or preparation materials.

Kit availability may vary.

Kits may require additional payment and shipping.

Students are responsible for reading ingredient lists and notifying NHMEC of allergies before ordering or using kits.

NHMEC is not responsible for misuse of herbs, products, supplies, tools, or kit materials.

Physical kit items are for educational use only.

Allergies & Safety Responsibility

Students are responsible for knowing their own allergies, sensitivities, dietary restrictions, medication concerns, and safety needs.

Students should not use any herb, food, essential oil, supplement, preparation, product, or recipe if they are allergic, sensitive, medically restricted, or unsure of safety.

Students should consult a licensed healthcare provider when needed.

Essential Oils & Aromatherapy Safety

Some NHMEC classes may discuss essential oils or aromatherapy.

Students must use essential oils with caution.

Essential oils are concentrated substances and may not be appropriate for everyone.

Special caution should be used with:

- Children
- Pregnancy

- Nursing
- Pets
- Elderly individuals
- Asthma
- Seizure disorders
- Medication use
- Skin sensitivity
- Liver or kidney concerns
- Internal use

Internal use of essential oils should not be practiced without proper legal scope, training, and licensed professional guidance where appropriate.

Faith Content & Community Class Note

NHMEC teaches from a Christian perspective.

Some classes may include prayer, scripture, biblical reflection, ministry language, or Christian worldview.

Community classes offered to the general public may sometimes use more general wellness language depending on the audience and purpose.

NHMEC reserves the right to determine the faith-based structure and language of each class.

Study-o-pedia & Resource Library Disclaimer

NHMEC may provide students with access to resource lists, books, links, PDFs, study notes, public domain materials, research articles, monographs, or outside educational resources.

These resources are provided for study and reference only.

Some outside resources may include beliefs, language, theories, or viewpoints that do not fully represent NHMEC's Christian worldview.

Students are encouraged to use discernment.

Take what is useful for learning, compare it with scripture, evaluate safety, and leave what does not align with biblical faith or NHMEC principles.

NHMEC does not necessarily endorse every statement, author, organization, modality, or viewpoint found in outside resources.

Equal Opportunity Statement

NHMEC seeks to provide educational opportunities in a respectful environment.

NHMEC does not seek to discriminate unlawfully based on race, national origin, sex, or other legally protected categories.

Because NHMEC is a faith-centered Christian education center, students should understand that Christian worldview, biblical values, and ministry language may be part of the educational environment.

Student Discipline Policy

NHMEC reserves the right to issue warnings, pause access, remove access, deny completion, dismiss a student, or end membership if a student violates policies.

Reasons for discipline may include:

- Harassment
- Bullying
- Threatening behavior
- Disrespect toward instructor or students
- Academic dishonesty
- Copyright violation
- Sharing private course materials
- Misrepresenting credentials
- Practicing outside scope
- Making unsafe medical claims
- Non-payment
- Disruptive conduct
- Violation of community rules
- Illegal activity
- Repeated refusal to follow instructions

NHMEC may make decisions based on the safety, integrity, and wellbeing of the learning community.

Dismissal Policy

A student may be dismissed from NHMEC if the student violates policies or behaves in a way that harms the learning environment.

Dismissal may result in:

- Loss of course access
- Loss of membership access
- Loss of student status
- Loss of eligibility for certificate or diploma
- Loss of registry eligibility
- No refund

NHMEC reserves the right to make final decisions regarding dismissal.

Grievance Policy

If a student has a concern, the student should first communicate respectfully with NHMEC.

A written concern should include:

- Student name
- Class or program
- Description of concern
- Relevant dates
- Any documentation
- Desired resolution

NHMEC will review concerns and respond as able.

Disagreements must be handled respectfully.

Student Records Policy

NHMEC may maintain student records such as:

- Enrollment information
- Completed classes
- Certificates
- Diplomas
- Payment status
- Assignment completion
- Assessment scores
- Email communication
- Registry status
- Continuing education records

Students should also keep their own copies of certificates, assignments, completed work, and payment records.

Replacement certificates or documents may require a fee.

Transcript Policy

NHMEC may provide a student transcript, completion record, or course summary when available.

Transcript or record requests may require:

- Student name
- Email used at enrollment
- Program name
- Approximate completion date
- Payment of transcript fee if applicable

NHMEC does not guarantee that outside schools, agencies, employers, or organizations will accept NHMEC transcripts or completion records.

Student Success Recommendations

Students are encouraged to create a study plan.

Recommended student practices:

- Pray before studying
- Read the handbook
- Complete orientation
- Keep a student binder
- Save downloads
- Watch lessons fully
- Take notes
- Complete assignments on time
- Review feedback
- Ask questions respectfully
- Build a materia medica
- Keep a formulary notebook
- Track completed hours
- Save certificates
- Practice within scope
- Continue learning after completion

Suggested Student Binder Sections

Students may organize their learning binder with the following sections:

1. Orientation
2. Student Handbook
3. Course Syllabus
4. Notes
5. Worksheets
6. Herbal Recipes
7. Materia Medica
8. Formulary
9. Reflection Pages
10. Assignments
11. Assessments
12. Practicum Records
13. Case Studies
14. Certificates
15. Continuing Education

Student Acknowledgment Agreement

By enrolling in NHMEC, I acknowledge that I have read and understand the NHMEC Student Handbook.

I understand that Canvas is no longer available for NHMEC learning.

I understand that the PENothecary™ Membership Website, built through Google Sites, is now the main education center hub for NHMEC.

I understand that a Google account or Google-connected email account is required for student access.

I understand that I must complete the NHMEC Welcome & Orientation Class before beginning any class, course, certificate, diploma, professional pathway, registry pathway, volunteer training, or PENothecary™ membership-based learning.

I understand that NHMEC education is for informational, educational, biblical, holistic, and wellness education purposes only.

I understand that NHMEC does not diagnose, treat, prescribe, cure, or prevent disease.

I understand that NHMEC certificates, diplomas, and recognitions represent educational completion and do not grant medical licensure.

I understand that I am responsible for knowing and following the laws of my city, county, state, and country.

I understand that I must communicate respectfully, complete coursework honestly, and follow NHMEC policies.

I understand that NHMEC course materials may not be copied, sold, shared, uploaded, or redistributed without written permission.

I understand that failure to follow NHMEC policies may result in loss of access, loss of student status, dismissal, and no refund.

Final Student Reminder

Welcome to NHMEC.

You are here to learn, grow, and serve.

Keep your heart humble.
Keep your notes organized.
Keep your words respectful.
Keep your scope clear.
Keep your faith at the center.

Pray. Learn. Apply. Serve.
