NHMEC Wellness Herbalist Diploma

Module 12: Professional Registration Capstone & Comprehensive Assessment

Professional Registration Diploma

Estimated Completion Time: 35–40 Hours

Module Overview

Congratulations! You have reached the final module of the NHMEC Wellness Herbalist Diploma.

This capstone module is designed to demonstrate your readiness for professional registration as a Wellness Herbalist. Throughout this diploma, you have studied biblical stewardship, holistic wellness, seasonal living, therapeutic kitchen herbalism, community education, family wellness, evidence-informed practice, leadership, ethics, and professional documentation.

In this final module, you will integrate these concepts into a comprehensive Professional Registration Portfolio that reflects your knowledge, practical skills, educational abilities, and commitment to ethical practice.

Rather than introducing new material, this module allows you to demonstrate competency through real-world educational projects, professional documentation, teaching, reflection, and comprehensive assessment.

Learning Objectives

Upon completion of this module, students will be able to:

- Integrate all aspects of the Wellness Herbalist Diploma into professional practice.
- Demonstrate competency in educational wellness planning.
- Develop comprehensive wellness education resources.
- Present professional-quality educational materials.
- Organize complete documentation systems.
- Reflect upon personal and professional growth.
- Demonstrate readiness for NHMEC Professional Registration.

Required Review

Students should review all previous diploma modules.

Suggested review topics include:

- The Wellness Herbalist philosophy
- Holistic P.E.N. Way™
- Seasonal wellness
- Kitchen herbalism
- Functional nutrition
- Community wellness
- Family wellness
- Evidence-informed herbal practice
- Professional ethics
- Documentation
- Leadership
- Teaching methodologies

Students should also review notes, journals, assignments, and previous projects completed throughout the diploma.

The Professional Registration Portfolio

Each student will prepare a professional portfolio demonstrating competency in the following areas.

Section 1

Professional Philosophy

Include:

- Personal mission statement
- Biblical philosophy of wellness
- Holistic P.E.N. Way™ philosophy
- Professional goals
- Future continuing education plan

Section 2

Wellness Education Plans

Submit five complete educational wellness plans.

Each plan should include:

- Wellness priorities
- Lifestyle education
- Nutritional education
- Traditional herbal education
- Seasonal considerations
- Educational resources
- Follow-up recommendations

These plans should remain within the Wellness Herbalist educational scope of practice.

Section 3

Seasonal Wellness Portfolio

Develop a comprehensive four-season wellness guide.

Include:

Spring

- Wellness priorities
- Nutrition
- Lifestyle
- Traditional herbs
- Educational activities

Summer

- Hydration
- Seasonal foods
- Outdoor wellness
- Community activities

Autumn

- Seasonal preparedness
- Harvest planning
- Immune-supportive education

- Pantry organization

Winter

- Rest
- Nourishment
- Family wellness
- Seasonal herbal traditions

Section 4

Therapeutic Kitchen Portfolio

Include:

- Kitchen organization plan
- Seven-day wellness menu
- Seasonal pantry inventory
- Herbal beverage guide
- Culinary herb reference
- Healthy recipe collection
- Functional nutrition recommendations

Section 5

Community Wellness Project

Design a complete community wellness initiative.

Include:

- Mission
- Target audience
- Educational objectives
- Promotional materials
- Workshop outline
- Handouts
- Participant evaluation
- Follow-up plan

Examples include:

- Church wellness day
- Community herbal fair

- Family wellness workshop
- Seasonal wellness seminar
- Kitchen herbalism class

Section 6

Teaching Portfolio

Include:

- Two complete lesson plans
- One presentation slide deck
- One educational brochure
- One participant workbook
- One herbal demonstration guide
- One workshop evaluation form

Section 7

Professional Documentation

Submit:

- Intake forms
- Wellness review template
- Informed consent
- Educational disclaimer
- Progress notes
- Follow-up form
- Referral template
- Client resource list

Section 8

Research Review

Prepare a literature review on one medicinal herb.

Include:

- Botanical identification
- Historical use

- Traditional applications
- Current scientific research
- Safety considerations
- Educational applications
- References

Demonstrate the ability to communicate evidence responsibly while honoring traditional herbal knowledge.

Section 9

Reflective Essay

Write a 5–10 page reflection discussing:

- Personal growth
- Spiritual development
- Professional identity
- Leadership journey
- Future goals
- Lessons learned throughout the diploma

Reflect on how your understanding of wellness has evolved and how you intend to serve your family, church, and community.

Professional Presentation

Each student will deliver a professional educational presentation lasting approximately 30–45 minutes.

Presentation topics may include:

- Seasonal wellness
- Family wellness
- Kitchen herbalism
- Community herbal education
- Functional nutrition
- Herbal safety
- Holistic P.E.N. Way™

The presentation should demonstrate:

- Professional communication
- Educational accuracy
- Audience engagement
- Effective use of visual aids

- Confidence
- Organization

Professional Readiness Self-Evaluation

Students will complete a written self-assessment addressing:

- Professional strengths
- Areas for continued growth
- Leadership goals
- Continuing education plans
- Registration readiness
- Community service goals

Final Reflection

Journal the following:

- How has your understanding of wellness changed?
- Which module challenged you the most?
- How will you continue growing as a Wellness Herbalist?
- What legacy do you hope to leave through your work?

Final Comprehensive Examination

Students will complete a comprehensive **Open-Book Examination** consisting of **100 Multiple Choice Questions**.

Topics include:

- Wellness Herbalist philosophy
- Holistic P.E.N. Way™
- Biblical wellness
- Seasonal wellness
- Therapeutic kitchen herbalism
- Functional nutrition
- Herbal preparations
- Family wellness
- Community wellness
- Immune wellness education
- Evidence-informed herbal practice

- Professional ethics
- Documentation
- Leadership
- Teaching methodologies
- Wellness planning
- Herbal safety
- Educational communication
- Professional registration standards
- Scope of practice

Passing Score: 80%

Students who do not achieve 80% may review the course materials and retake the examination.

Diploma Completion Requirements

To successfully complete the Wellness Herbalist Diploma, students must:

- Complete all twelve modules.
- Submit all required assignments.
- Successfully complete the Professional Registration Portfolio.
- Deliver the required educational presentation.
- Pass the Final Comprehensive Examination with a score of 80% or higher.
- Sign the NHMEC Code of Ethics.
- Agree to practice within the Wellness Herbalist educational scope of practice.

Eligibility for NHMEC Professional Registration

Graduates who successfully complete all program requirements may apply for inclusion in the **NHMEC Professional Registry** as a:

Registered Wellness Herbalist (RWH-NHMEC)

Registration is intended to recognize successful completion of the NHMEC educational standards. It does not confer state licensure or authorize the practice of medicine. Registrants are expected to maintain professional ethics, complete continuing education, and uphold the mission of the Natural Health Ministries Education Center.

Congratulations

By completing this diploma, you have demonstrated your commitment to biblical stewardship, holistic wellness, professional education, and lifelong learning.

As a Wellness Herbalist, your calling extends beyond herbal knowledge. You are now equipped to educate, encourage, and empower individuals, families, and communities to pursue wellness through faith, nutrition, seasonal living, and responsible herbal education.

May your knowledge be guided by wisdom, your service by compassion, and your leadership by integrity as you continue this journey of wellness ministry and professional growth.
