NHMEC 100

Welcome & Orientation Class

Required Student Orientation for the PENothecary™ Learning Hub

Natural Health Ministries Education Center

Faith-Centered Herbal Wellness Education

Restoring the Body • Renewing the Mind • Strengthening the Spirit

Prepared by:
Min. Penny Lane Whittemore CNC BCNWP CHGp RHCH CHHWC
Founder, Natural Health Ministries Education Center
PENothecary™ Membership & Learning Hub

Course Overview

Welcome to the Natural Health Ministries Education Center, also known as NHMEC.

This orientation class is required for every student, member, and learner before beginning classes, courses, certificate programs, diploma programs, professional pathways, or membership-based learning through NHMEC.

NHMEC no longer uses Canvas. Canvas is no longer available for student learning, class access, assignments, videos, downloads, or course communication.

All NHMEC learning is now housed inside the **PENothecary™ Membership Website**, which is built through **Google Sites**. The PENothecary™ is now the main education center hub for NHMEC.

Because the PENothecary™ is built through Google Sites, every student must have a Google account or Google-connected email account to access student materials.

This orientation will help you understand:

- Who NHMEC is
- What the PENothecary™ is
- How to access your classes
- What is expected of you as a student
- How NHMEC teaches faith-centered wellness
- What certificates, diplomas, and memberships mean

- What NHMEC does and does not provide
- How to walk through your educational pathway with clarity, patience, and purpose

---

Required Student Focus

At NHMEC, your student focus is simple:

Pray. Learn. Apply. Serve.

Pray before you study.
Learn with humility.
Apply what you are taught with wisdom.
Serve others with love, integrity, and responsibility.

Required Technology

To complete NHMEC classes and access the PENothecary™ Learning Hub, students need:

- A Google account or Google-connected email account
- Internet access
- Ability to open Google Sites
- Ability to view videos, PDFs, downloads, and worksheets
- Ability to communicate by email when needed
- Ability to save or print course materials when desired

Students are responsible for making sure they can access their Google account and the PENothecary™ website.

Required Reading

Students should read or review:

1. NHMEC Student Handbook
2. NHMEC Welcome & Orientation Guide
3. Any current student policy updates posted inside the PENothecary™ Learning Hub

---

Course Completion Requirement

Every student must complete this orientation before beginning:

- PENothecary™ Membership classes
- Community classes
- Certificate classes
- Diploma courses
- Professional pathway courses
- Practitioner-level studies
- Registry pathway studies
- Volunteer trainings
- Specialty programs

Completion of this orientation confirms that the student understands the current NHMEC learning system, educational scope, policies, expectations, and student responsibilities.

MODULE 1

Welcome to NHMEC

Module Purpose

This module welcomes students into the Natural Health Ministries Education Center and introduces the heart behind the ministry, school, and learning community.

NHMEC is a faith-centered education center that teaches herbal wellness, natural health education, biblical wellness, holistic nutrition, ministry-based care, and whole-person wellness from a Christian perspective.

NHMEC is not a medical school, not a state-licensed college, and not a provider of medical licensure. NHMEC provides educational classes, certificate programs, diploma programs, continuing education, and membership-based learning for students who desire to grow in biblical holistic wellness education.

Learning Objectives

By the end of this module, students will be able to:

- Identify the mission of NHMEC
- Understand the spiritual foundation of the school
- Explain why orientation is required
- Recognize the importance of being teachable, respectful, and responsible
- Begin their student journey with prayer and purpose

Lesson 1.1 — Welcome Message

Welcome to NHMEC.

You are entering a learning environment that was created to help students grow in faith, wisdom, natural wellness education, herbal knowledge, and whole-person care.

NHMEC exists to educate, equip, and encourage students who desire to understand the connection between faith, health, herbs, nutrition, lifestyle, and ministry.

Our goal is not simply to give students information. Our goal is to help students develop wisdom, discernment, stewardship, and compassion.

You are not only learning facts. You are learning how to think, observe, pray, study, document, apply, and serve.

Lesson 1.2 — The NHMEC Student Mindset

As an NHMEC student, you are encouraged to approach your studies with the following mindset:

Pray

Prayer keeps the student humble and grounded. Before studying herbs, the body, wellness, ministry, or client support, students should seek God for wisdom, understanding, and discernment.

Learn

Students are expected to study carefully, take notes, complete assignments, and remain open to correction and growth.

Apply

Education becomes meaningful when it is applied with wisdom. Students are encouraged to apply what they learn first to their own life, family, home, ministry, and community within proper scope.

Serve

NHMEC education is meant to help students serve others with love, respect, and responsibility.

Lesson 1.3 — What Makes NHMEC Different

NHMEC is built on several foundations:

- Biblical worldview
- Whole-person wellness

- Herbal education
- Holistic nutrition
- Community care
- Ministry service
- Professional ethics
- Practical application
- Student mentorship
- Evidence-informed learning
- Traditional herbal education
- The Holistic P.E.N. Way™

NHMEC teaches from the belief that a person is more than a physical body. A person has spirit, soul, and body. Because of this, wellness education must consider faith, thoughts, emotions, nourishment, lifestyle, stress, environment, habits, and spiritual foundation.

Module 1 Reflection

Answer the following in your student notebook:

1. Why did I enroll in NHMEC?
2. What do I hope to learn?
3. How do I want to grow spiritually, personally, and educationally?
4. How can I prepare my heart to be a faithful student?
5. How can I use what I learn to serve others?

Module 1 Assignment

Write a one-page reflection titled:

“Why I Am Beginning My NHMEC Journey”

Include:

- Your reason for joining
- Your learning goals
- Your personal calling or interest
- How you hope to apply what you learn
- A short prayer over your studies

MODULE 2

Canvas Is No Longer Available

Module Purpose

This module explains the transition away from Canvas and introduces students to the current NHMEC learning system.

Canvas is no longer available for NHMEC. Students should no longer expect to access course materials, assignments, videos, downloads, or communication through Canvas.

The PENothecary™ Membership Website is now the main learning hub.

Learning Objectives

By the end of this module, students will be able to:

- Understand that Canvas is no longer used
- Identify the PENothecary™ as the current NHMEC learning hub
- Understand why patience is needed during course updates
- Know where future learning materials will be housed
- Understand their responsibility to access the new system

Lesson 2.1 — Important Student Notice

Please take note:

Canvas is no longer available for NHMEC students.

Canvas has been discontinued and is no longer the education platform for NHMEC classes or courses.

This means that older videos, handouts, lessons, or module instructions that mention Canvas are being updated. If a student sees Canvas mentioned in an older document, lesson, worksheet, or video, they should understand that this information is outdated.

Students should now follow the instructions provided inside the PENothecary™ Learning Hub.

Lesson 2.2 — Why This Matters

Because Canvas is no longer available, students must understand the new access process.

The PENothecary™ now serves as the central location for:

- Classes
- Courses
- Downloads
- Videos
- Membership resources
- Assignments
- Announcements
- Student updates
- Workshops
- Study guides
- Course links
- Community education
- Continuing education opportunities

Lesson 2.3 — Please Be Patient During Updates

NHMEC is in a rebuilding and updating season.

Some older modules, PDFs, videos, or handouts may still mention Canvas. These items are being updated as time allows.

Students are asked to be patient, respectful, and understanding during this transition.

If you see Canvas mentioned, simply understand:

Canvas is gone. The PENothecary™ is now the learning hub.

Lesson 2.4 — Student Responsibility

Students are responsible for:

- Reading current orientation instructions
- Using the PENothecary™ website for class access
- Maintaining access to their Google account
- Checking for updated announcements
- Contacting NHMEC if they cannot access required materials
- Allowing reasonable time for updates and corrections

Module 2 Reflection

Answer the following:

1. Do I understand that Canvas is no longer available?
2. Do I understand that the PENothecary™ is now the main learning hub?

3. Do I have a Google account ready for access?
4. What steps do I need to take to be prepared?

Module 2 Assignment

Complete the **Technology Access Checklist**:

- I have access to a Google account.
- I can open Google Sites.
- I know where the PENothecary™ website is located.
- I understand Canvas is no longer used.
- I understand older Canvas references are outdated.
- I know how to contact NHMEC if I need help.

Student Initials: __
Date: _____

MODULE 3

Introduction to the PENothecary™ Learning Hub

Module Purpose

This module introduces students to the PENothecary™ Membership Website and explains how it functions as the main education center for NHMEC.

Learning Objectives

By the end of this module, students will be able to:

- Explain what the PENothecary™ is
- Understand how the PENothecary™ supports learning
- Identify what types of materials may be found inside the hub
- Understand the membership-based structure
- Navigate the learning hub with confidence

Lesson 3.1 — What Is the PENothecary™?

The PENothecary™ is the main online learning hub for the Natural Health Ministries Education Center.

It is built through Google Sites and is used to house educational materials, membership resources, class links, workshops, downloads, and student information.

The word PENothecary™ connects with the heart of the Holistic P.E.N. Way™:

- Perspective
- Essence
- Nutrition

It also reflects the idea of a learning apothecary: a place where faith, herbal wisdom, wellness education, and practical resources are gathered together for students.

Lesson 3.2 — What Students May Find Inside

Depending on their membership or enrollment level, students may find:

- Orientation materials
- Course pages
- Class videos
- Downloadable PDFs
- Student worksheets
- Required reading lists
- Herbal recipes
- Workshop recordings
- Seasonal wellness guides
- Community classes
- Mini courses
- Professional pathway information
- Continuing education resources
- Announcements
- Links to live events
- Membership updates

Lesson 3.3 — Membership and Access

The PENothecary™ may include different levels of access depending on the student's enrollment.

Some students may have access to general membership materials. Others may have access to certificate classes, diploma courses, professional pathway content, or registry-related materials.

Students should only access and use the materials that are included in their membership, class, course, or program.

Lesson 3.4 — Respecting the Learning Hub

Students should not copy, reproduce, sell, distribute, upload, or share NHMEC materials without written permission.

Course materials are for student learning. They are not to be taken, repackaged, or used as another person's curriculum.

Students may print or save materials for their own study, but they may not redistribute them.

Module 3 Reflection

Answer the following:

1. What do I understand the PENothecary™ to be?
2. How will I use it as a student?
3. What materials do I expect to find there?
4. Why is it important to respect course content and copyright?

Module 3 Assignment

Create a simple **Student Navigation Plan**.

Write down:

- The email address connected to your Google account
- Where you will save your downloads
- Where you will keep your notes
- What day each week you will study
- Who you will contact if you need help

MODULE 4

Google Account Requirement

Module Purpose

This module explains why a Google account is required and how students should prepare for access to the PENothecary™.

Learning Objectives

By the end of this module, students will be able to:

- Understand why Google access is required
- Identify what type of Google account may be used
- Prepare their account for learning
- Troubleshoot basic access issues

- Accept responsibility for maintaining access

Lesson 4.1 — Why a Google Account Is Required

The PENothecary™ is built through Google Sites. Because of this, students may need a Google account or Google-connected email account to access protected pages, downloads, videos, forms, and student resources.

A Google account helps protect student materials and allows NHMEC to organize learning resources in one central location.

Lesson 4.2 — Acceptable Google Access

Students may use:

- Gmail account
- Google Workspace account
- Email connected to a Google account
- Personal Google login

Students should make sure they can log into their account before requesting access to course materials.

Lesson 4.3 — Common Access Issues

If a student cannot access the PENothecary™, possible reasons include:

- They are not logged into the correct Google account
- They used a different email at enrollment
- Access has not yet been granted
- The page is restricted to a certain membership level
- The student's membership or enrollment is not active
- The student is trying to access a class they are not enrolled in

Lesson 4.4 — What to Do If Access Is Denied

If access is denied, students should:

1. Check that they are logged into the correct Google account.
2. Make sure they are using the same email used for enrollment.
3. Take a screenshot if possible.
4. Email NHMEC with their name, class, and access issue.
5. Wait patiently for a response.

Students should not repeatedly request access from multiple emails unless instructed to do so.

Module 4 Reflection

Answer the following:

1. Which Google account will I use for NHMEC?
2. Is this the same email I used to enroll?
3. Do I know how to log in?
4. Where will I keep my login information safely?

Module 4 Assignment

Complete the **Google Access Acknowledgment**:

I understand that a Google account is required to access the PENothecary™ Learning Hub. I understand that I am responsible for logging into the correct account and contacting NHMEC if I have access trouble.

Student Name: ____
Google Email: ___
Signature: __
Date: ____

MODULE 5

NHMEC Mission, Vision & Biblical Foundation

Module Purpose

This module introduces the spiritual and educational foundation of NHMEC.

NHMEC teaches from a Christian worldview. The goal is to educate students in natural wellness, herbal studies, holistic nutrition, ministry-based care, and whole-person wellness while keeping Jesus Christ at the center.

Learning Objectives

By the end of this module, students will be able to:

- Describe the mission of NHMEC
- Understand the biblical foundation of whole-person wellness
- Explain the importance of stewardship
- Recognize the difference between education and medical care
- Understand the role of faith in NHMEC learning

Lesson 5.1 — NHMEC Mission

NHMEC exists to provide faith-centered herbal wellness education that helps students grow in knowledge, stewardship, service, and whole-person wellness.

The mission of NHMEC may be summarized as:

Faith-Centered Herbal Wellness Education — Restoring the Body, Renewing the Mind, Strengthening the Spirit.

Lesson 5.2 — Biblical View of the Whole Person

NHMEC teaches that each person is a whole being.

A person is not merely physical. A person has:

- Spirit
- Soul
- Body

Because of this, wellness education should consider:

- Relationship with God
- Thoughts and beliefs
- Emotional burdens
- Stress patterns
- Nourishment
- Lifestyle
- Rest
- Herbs
- Environment
- Community
- Ministry
- Purpose

Lesson 5.3 — Stewardship of the Body

Students are taught to view the body as something entrusted by God.

Stewardship means caring for what God has given. This includes learning how to support the body through wise choices, nourishment, rest, prayer, study, and personal responsibility.

NHMEC does not teach that herbs are saviors, cures, or replacements for medical care.

Herbs, foods, and wellness practices may support the body, but God is the ultimate healer.

Lesson 5.4 — Faith and Health Connection

The faith and health connection is central to NHMEC.

Students are encouraged to understand that spiritual life, emotional life, and physical life often interact. A burdened soul may influence habits. Stress may influence the body. Lack of nourishment may influence mood and energy. A strong spiritual foundation may help a person walk with hope, discipline, and peace.

NHMEC teaches students to observe the whole person without stepping outside proper educational scope.

Module 5 Reflection

Answer the following:

1. What does whole-person wellness mean to me?
2. Why is stewardship important?
3. How can faith influence the way I study wellness?
4. Why should herbs never be presented as a replacement for God or medical care?

Module 5 Assignment

Write a personal statement titled:

“My Understanding of Faith-Centered Wellness”

Include:

- Spirit
- Soul
- Body
- Stewardship
- Prayer
- Responsibility
- Service

MODULE 6

The Holistic P.E.N. Way™

Module Purpose

This module introduces the Holistic P.E.N. Way™, the signature whole-person framework used throughout NHMEC education.

The Holistic P.E.N. Way™ helps students look at wellness through three connected areas:

- Perspective
- Essence
- Nutrition

Learning Objectives

By the end of this module, students will be able to:

- Define the Holistic P.E.N. Way™
- Explain Perspective, Essence, and Nutrition
- Understand how the framework supports spirit, soul, and body education
- Apply the framework to their own learning journey
- Recognize the importance of whole-person observation

Lesson 6.1 — What Is the Holistic P.E.N. Way™?

The Holistic P.E.N. Way™ is a faith-centered wellness education framework used by NHMEC.

P.E.N. stands for:

P — Perspective

The spiritual lens, worldview, beliefs, and faith foundation of the person.

E — Essence

The inner life of the person, including thoughts, emotions, identity, stress, wounds, mindset, and soul patterns.

N — Nutrition

The physical support of the body, including food, herbs, hydration, minerals, movement, rest, and lifestyle.

Lesson 6.2 — Perspective: Spirit

Perspective asks:

- What does the person believe?
- What is their spiritual foundation?
- Are they walking in fear or faith?
- Do they need encouragement, prayer, or biblical truth?
- How does their view of God, self, and life affect their wellness journey?

Perspective is not about forcing beliefs. It is about recognizing that spiritual foundation matters.

Lesson 6.3 — Essence: Soul

Essence asks:

- What is happening in the mind and emotions?
- Is the person overwhelmed?
- Are they carrying grief, stress, anger, fear, or discouragement?
- What patterns may be affecting daily choices?
- What support may help them renew the mind?

Essence helps students remember that emotional and mental patterns matter in wellness education.

Lesson 6.4 — Nutrition: Body

Nutrition asks:

- What is the body receiving?
- Is the person nourished?
- Are they hydrated?
- Are they resting?
- Are they eating supportive foods?
- Are herbs, minerals, or lifestyle supports appropriate for education?
- Are they working with licensed professionals when needed?

Nutrition includes more than food. It includes the daily inputs that support the physical body.

Lesson 6.5 — The P.E.N. Way in Student Learning

Students will use the Holistic P.E.N. Way™ in many NHMEC classes.

It may be used to organize:

- Wellness reflections
- Client education plans
- Herbal support plans
- Ministry care plans
- Nutrition education
- Personal development
- Community classes
- Case study assignments
- Final projects

Module 6 Reflection

Complete the following:

Perspective: What spiritual foundation do I want for my education?

Essence: What inner growth do I need during this season?

Nutrition: How can I better support my body as a student?

Module 6 Assignment

Complete your first **Holistic P.E.N. Way™ Student Wellness Reflection**.

Create three columns:

1. Perspective
2. Essence
3. Nutrition

Under each column, write three ways you want to grow during your NHMEC journey.

MODULE 7

Student Expectations, Conduct & Communication

Module Purpose

This module explains what NHMEC expects from students.

Students are expected to participate with respect, honesty, humility, and responsibility.

NHMEC is a Christian education environment. Students should communicate with kindness and conduct themselves in a way that honors the learning community.

Learning Objectives

By the end of this module, students will be able to:

- Understand student conduct expectations
- Identify respectful communication
- Understand academic honesty

- Recognize the importance of completing coursework
- Understand assessment expectations
- Know how to ask for help appropriately

Lesson 7.1 — Respectful Conduct

Students are expected to treat instructors, classmates, guests, volunteers, and community members with respect.

Respectful conduct includes:

- Kind words
- Patient communication
- No harassment
- No gossip
- No bullying
- No disrespectful arguments
- No misuse of class discussions
- No attacking others over beliefs, learning level, or background

Students should remember that their words and actions reflect their character, their family, their ministry, and their community.

Lesson 7.2 — Academic Honesty

Students should submit their own work.

Students may use notes, books, course materials, and approved resources for open-book assignments, but they should not copy another student's work or submit someone else's writing as their own.

Students may quote or reference materials when appropriate, but they should do so honestly.

Lesson 7.3 — Coursework Completion

Students are responsible for completing their coursework.

This may include:

- Watching videos
- Reading assigned materials
- Completing worksheets
- Submitting reflections
- Completing quizzes
- Completing final assessments
- Participating in practicums if required
- Completing case studies if required

- Following the course timeline

Lesson 7.4 — Assessment Standards

NHMEC assessments may include:

- Open-book quizzes
- Final exams
- Reflections
- Projects
- Practicums
- Portfolios
- Case studies
- Student agreements
- Participation requirements

The minimum passing score for NHMEC assessments is generally 70% unless a specific course requires a higher score.

Students who do not pass may be allowed to review and retake assessments according to course policy.

Lesson 7.5 — Communication Expectations

Students should communicate clearly and respectfully.

When emailing NHMEC, include:

- Your full name
- Your class or course title
- The issue or question
- A screenshot if there is a technology issue
- The email address you used for enrollment

Students should allow reasonable response time.

Module 7 Reflection

Answer the following:

1. How can I show respect as a student?
2. What does academic honesty mean to me?
3. What study habits do I need to improve?
4. How will I communicate if I need help?

Module 7 Assignment

Create your **Student Success Commitment**.

Write five commitments you are making as an NHMEC student.

Example:

“I commit to studying with honesty, prayer, respect, and consistency.”

MODULE 8

Certificates, Diplomas, Membership & Registry Pathways

Module Purpose

This module explains the difference between NHMEC certificates, diplomas, participation certificates, memberships, and registry pathways.

Learning Objectives

By the end of this module, students will be able to:

- Understand certificate of completion
- Understand diploma of completion
- Understand certificate of participation
- Understand PENothecary™ membership
- Understand student membership
- Understand registry pathway basics
- Recognize that NHMEC credentials are educational and not medical licensure

Lesson 8.1 — Certificate of Completion

A Certificate of Completion may be awarded when a student successfully completes a class or training.

Certificate classes may be beginner, intermediate, or applied level depending on the class.

A certificate shows that the student completed the educational requirements of that class.

Lesson 8.2 — Diploma of Completion

A Diploma of Completion may be awarded when a student completes a larger program of study or course pathway.

Diploma programs may include:

- Required readings
- Assignments
- Assessments
- Projects
- Case studies
- Practicum hours
- Final exams
- Student portfolio work

A diploma represents educational completion. It does not grant medical licensure.

Lesson 8.3 — Certificate of Participation

A Certificate of Participation may be awarded for community classes, workshops, volunteer trainings, or events where the learner participates but does not complete a full certificate or diploma program.

Lesson 8.4 — PENothecary™ Membership

The PENothecary™ Membership is the main learning hub and membership community connected to NHMEC.

Depending on the current membership offering, it may include:

- Monthly classes
- Mini courses
- Herbal downloads
- Seasonal workshops
- Wellness challenges
- Digital resources
- Community education
- Recordings
- Recipes
- Student updates
- Learning pathways
- Membership-based resources

Membership access does not automatically mean the student is enrolled in every professional diploma or advanced program. Some programs may require separate enrollment.

Lesson 8.5 — Student Membership

Student membership may apply to students enrolled in specific certificate, diploma, practitioner, or pathway programs.

Student membership may help maintain access to course resources, student updates, continuing education, and student status.

Lesson 8.6 — Registry Pathway

NHMEC may offer a professional registry pathway for eligible graduates of certain programs.

Registry does not equal state licensure. It is an internal or organizational recognition pathway connected to completed education, continuing education, ethical standards, and student requirements.

Students are responsible for understanding the laws in their own state, county, city, and country before representing themselves professionally.

Lesson 8.7 — Educational Completion Is Not Medical Licensure

NHMEC certificates and diplomas do not make a student a doctor, nurse, dietitian, pharmacist, therapist, or licensed medical provider.

Students must not diagnose, prescribe, treat, cure, or claim to prevent disease unless they hold a separate legal license that allows them to do so.

NHMEC education is for informational, educational, biblical, holistic, ministry, family, community, and wellness education purposes.

Module 8 Reflection

Answer the following:

1. What type of NHMEC pathway am I currently taking?
2. Am I taking a class, course, certificate, diploma, or membership training?
3. What do I understand about educational completion?
4. Why is it important not to misrepresent credentials?

Module 8 Assignment

Complete the **Educational Pathway Worksheet**.

Select your current pathway:

- PENothecary™ Member

- Community Class Student
- Certificate Student
- Diploma Student
- Practitioner Pathway Student
- Specialty Program Student
- Volunteer Training Student
- Registry Pathway Student
- Unsure / Still Exploring

Write three goals for this pathway.

MODULE 9

Educational Scope, Legal Disclaimers & Ethics

Module Purpose

This module teaches students the legal and ethical boundaries of NHMEC education.

Students must understand that NHMEC teaches wellness education, not medical practice.

Learning Objectives

By the end of this module, students will be able to:

- Explain the educational scope of NHMEC
- Identify what students should not claim
- Understand proper wellness language
- Recognize when to refer to licensed professionals
- Understand the importance of disclaimers
- Practice ethical herbal education

Lesson 9.1 — NHMEC Educational Scope

NHMEC provides education in areas such as:

- Herbal studies
- Biblical wellness
- Holistic nutrition education
- Traditional herbal support
- Ministry-based wellness
- Natural health education
- Family wellness
- Community education

- Whole-person stewardship
- Lifestyle education

NHMEC does not provide medical diagnosis, treatment, prescription, cure, or prevention of disease.

Lesson 9.2 — What Students Must Not Do

Students must not use NHMEC training to:

- Diagnose disease
- Prescribe treatment
- Tell someone to stop medication
- Claim herbs cure disease
- Claim to treat medical conditions
- Replace licensed medical care
- Practice medicine without a license
- Use protected professional titles unlawfully
- Give emergency medical advice outside their scope

Lesson 9.3 — Proper Educational Language

Instead of saying:

“This herb treats your disease.”

Say:

“This herb has traditionally been used to support the body, and this information is for educational purposes only.”

Instead of saying:

“You need this protocol.”

Say:

“This is an educational wellness support plan you may review and discuss with your healthcare provider.”

Instead of saying:

“This will cure you.”

Say:

“NHMEC does not claim to cure disease. We teach supportive wellness education.”

Lesson 9.4 — Referral to Licensed Providers

Students should refer someone to a licensed healthcare professional when:

- Symptoms are severe
- Symptoms are new or unexplained
- The person is pregnant or nursing
- The person is taking medication
- The person has a diagnosed medical condition
- The person is a child, elderly, or medically fragile
- There is pain, bleeding, fainting, chest pain, breathing trouble, or emergency symptoms
- The person needs diagnosis or medical treatment

Lesson 9.5 — Ethical Herbal Education

Ethical herbal education includes:

- Honesty
- Humility
- Proper disclaimers
- Respect for medical providers
- Respect for student scope
- Safety awareness
- Documentation
- Informed consent
- Proper language
- Avoiding exaggerated claims
- Continuing education
- Prayerful discernment

Module 9 Reflection

Answer the following:

1. Why is scope of practice important?
2. What language should I avoid?
3. How can I teach herbs ethically?
4. When should I refer someone to a licensed provider?

Module 9 Assignment

Rewrite the following statements using proper educational language:

1. “This tea cures viruses.”
2. “Stop taking your medicine and use herbs.”
3. “I can diagnose what is wrong with you.”

4. “This supplement treats your thyroid.”
5. “You need this protocol.”

MODULE 10

Student Success, Study Skills & Final Orientation Agreement

Module Purpose

This module helps students prepare for success and complete the final orientation acknowledgment.

Learning Objectives

By the end of this module, students will be able to:

- Create a realistic study plan
- Organize course materials
- Understand how to complete assignments
- Prepare for assessments
- Sign the final orientation agreement
- Begin their NHMEC pathway with confidence

Lesson 10.1 — How to Study at NHMEC

Students are encouraged to create a personal rhythm for study.

Recommended study habits:

- Pray before beginning
- Read the lesson carefully
- Take notes
- Keep a binder or digital folder
- Print important worksheets
- Watch videos fully
- Complete assignments on time
- Review feedback
- Ask questions respectfully
- Save all completed work
- Build a student portfolio

Lesson 10.2 — Suggested Student Binder

Students may create a binder with sections such as:

1. Orientation
2. Student Handbook
3. Course Syllabus
4. Notes
5. Worksheets
6. Herbal Recipes
7. Materia Medica
8. Formulary
9. Reflection Pages
10. Assignments
11. Assessments
12. Certificates
13. Continuing Education

Lesson 10.3 — Student Portfolio

Students are encouraged to keep a student portfolio as proof of learning and growth.

A student portfolio may include:

- Completed worksheets
- Reflections
- Herbal monographs
- Formulation notes
- Case study practice
- Book notes
- Class notes
- Prayer reflections
- Photos of projects
- Final assignments
- Certificates

Lesson 10.4 — Time Management

Students should create a weekly study schedule.

Example:

- Monday: Watch lesson video
- Tuesday: Read assigned pages
- Wednesday: Take notes
- Thursday: Complete worksheet

- Friday: Review and pray
- Saturday: Work on assignment
- Sunday: Rest or catch up

Students should not wait until the end of the course to complete all work.

Lesson 10.5 — Final Orientation Agreement

Before beginning any NHMEC class, course, or membership training, students must complete the Final Orientation Agreement.

This agreement confirms that the student understands:

- Canvas is no longer available
- The PENothecary™ is the main learning hub
- A Google account is required
- NHMEC education is not medical licensure
- Students must follow policies
- Respectful conduct is required
- Course materials must not be copied or redistributed
- Educational scope must be honored
- Orientation is required before beginning studies

Final Orientation Assignment

NHMEC Student Success Portfolio

Students must complete the following:

1. Module 1 Reflection: Why I Am Beginning My NHMEC Journey
2. Technology Access Checklist
3. Student Navigation Plan
4. Google Access Acknowledgment
5. Faith-Centered Wellness Statement
6. Holistic P.E.N. Way™ Student Wellness Reflection
7. Student Success Commitment
8. Educational Pathway Worksheet
9. Scope of Practice Language Practice
10. Final Orientation Agreement

Final Orientation Agreement

I understand that Canvas is no longer available for NHMEC classes, courses, membership access, assignments, videos, downloads, or student communication.

I understand that the PENothecary™ Membership Website, built through Google Sites, is now the main education center hub for NHMEC.

I understand that I must have access to a Google account or Google-connected email account to access the PENothecary™ Learning Hub.

I understand that every student must complete this Welcome & Orientation Class before beginning any NHMEC class, course, certificate, diploma, professional pathway, registry pathway, volunteer training, or membership-based learning.

I understand that NHMEC provides faith-centered herbal wellness education and does not provide medical diagnosis, treatment, prescription, cure, prevention of disease, or medical licensure.

I understand that certificates and diplomas from NHMEC represent educational completion and do not grant permission to practice medicine or any other regulated profession.

I understand that I am responsible for knowing and following the laws of my city, county, state, and country.

I understand that I must communicate respectfully, complete coursework honestly, and follow NHMEC student policies.

I understand that NHMEC course materials are protected educational materials and may not be copied, sold, shared, or redistributed without written permission.

I understand that older documents may still mention Canvas, but Canvas is no longer available and all current access is through the PENothecary™ Learning Hub.
